**HOLE-IN-ONE PRIZES \* Par 3**

Each day, one designated hole will be selected for the \$500 prize.

All other par 3's will remain at \$200

## FORMATS

### **SATURDAY – ROUND ONE**

#### **Holes 1 - 9 = Scramble**

Both players tee off and then select the better ball on each shot. Except for on the green, the selected ball may be marked and replaced by both players within 1 Club length from the original marked position No Nearer to the Hole. Both players will play from this new spot. On the green the club length distance does NOT apply. All putts must be putted as close to the original chosen position as possible. All putts must be holed out.

Any inadvertent hole outs or tap-ins cancels your partner's opportunity to putt.

#### **Holes 10 - 18 = Modified Alternate Shot**

Each player will tee off and then select the best shot. The player who did not hit the selected shot will then hit the next shot; the shots will continue to alternate until the ball is holed. Once the tee shot has been selected that ball will be the ball "in play" throughout the completion of that hole, with **NO LIFTING OR REPLACEMENT OF SELECTED BALL** unless defined under the rules of golf.

### **SUNDAY - ROUND TWO**

#### **Holes 1 - 9 = Best Ball**

A golf competition format consisting of two-person teams where you and your partner play your own golf ball on each hole. Teams will compete against the field, within their flight, using the better **NET** score of the two players. Scoring should include both **GROSS** scores on the team's scorecard. A third score will be shown as the best ball **NET** score. Should a player "pick up" and not finish a hole, an "X" will be shown as his/her **GROSS** score. When one team member can post a score, the other player need not finish the hole. Because there are two (2) players on each team, one player can be penalized without the other player being affected. However, time penalties will affect the team.

#### **Holes 10 - 18 = Team Combined Net Score**

Two Person team competition with limitation between players handicaps in accordance with specified tournament, where each player plays their own ball through the entire 9-hole round according to USGA and DRGA local rules. Scoring should include both **GROSS SCORES** on the team's scorecard. Official Scorer will calculate **NET SCORES**.

#### **NEW NOTE**

**A player (team) must not move the ball from one type of turf condition to another. For example, the ball may not be moved from the rough to the fairway or the fringe to the putting green even if the ball is no closer to the hole.**
