

## **MINIMUM 8 ROUND WAIVER REQUEST**

To remain a member of LTLC, a member must complete a minimum of 8 rounds during the season. A member who has a personal or medical issue that precludes them from playing 8 rounds, may submit a request to the Board for a waiver of the minimum requirement by submitting the form below to the Membership Director. At the next Board meeting following receipt, the Board will vote to grant or deny the waiver and the member will be notified.

If a waiver is granted and the member's circumstances change so that they can now complete the minimum rounds, the member needs to inform the Board immediately to be taken off the waiver. If a member is found to be playing golf during their waiver period and there were enough league days remaining for the member to fulfill the minimum 8 rounds, the waiver may be rescinded at the discretion of the Board.

A member may only have 2 consecutive seasons on a waiver. After 2 consecutive seasons, the member will be added to the waitlist. If a waiver is granted and the member ends up fulfilling the minimum 8 rounds for the season, it will not be counted as a waiver year.
