

# **Oakwood Lady Niners - State Medallion**

## **What is State Medallion?**

Each year the Arizona Golf Association (“AGA”) conducts this tournament. Both 18-hole and 9-hole leagues throughout Arizona hold competitions to see which of their members will represent their club at the AGA Championship event, usually held in January of the following year.

IronOaks has hosted the statewide event several times. The location for the January 2025 State Medallion Championship has not yet been announced.

## **Who Can Compete in the Oakwood Lady Niners State Medallion?**

All members who have an established handicap by January 3, 2025 may participate. All participants will play from the yellow tees on our State Medallion days. There is no fee to participate, but an eligible golfer’s intent to participate must be communicated in writing to the club’s AGA Rep no later than December 31, 2024. There is also a sign-up sheet on our bulletin board in the Pro Shop.

## **How Does it Work?**

On the three play dates mentioned below the league will be playing the Sonoran course. The club’s AGA Representative will track the scores, gross and net. There will be one winner for best total gross score for the two best rounds, and one winner for best total net score for two best rounds. That two-person team will advance to the AGA State Medallion Championship to represent our club.

## **How are Winners Determined?**

The total of the two best scores out of three for each player are used to determine the low gross and low net winners. That means that you have to play on at least two designated State Medallion days in order to qualify. The winner of each category (gross and net) who advance to the state competition will receive an award from our league. The registration fee for the AGA State Medallion Championship for those two winners will be paid for by our league.

## **What are This Year’s Dates?**

- **January 7, 2025**
- **February 18, 2025**
- **April 22, 2025**

If you would rather not participate in the State Medallion competition, that’s OK! Just don’t sign up! The league will still play golf on those dates. As usual, chits will also be awarded to the winners of that day’s game.

Questions? Just ask me!
